

CHERY P10

Introducing the **Chery P10** – the people carrier that's built for business. With seating for 15, great safety features, solid performance and superior reliability, it's the perfect combination for the commuter world.

---

### Parts and after-sales service

Chery boasts a national dealer network, giving you the peace of mind and after-sales service you deserve. Expect exceptional parts and service pricing to keep you on the road.

---

### Engine

The P10 is powered by Chery's 2.0 TCI engine. Chery P10's powerful engine delivers great fuel consumption at 11 l per 100 km and the emission class is Euro IV. It's a lightweight, 2-litre, turbocharged petrol engine with intercooler that outputs 125 kW at 5500 rpm and 235 Nm of torque at 1900 rpm. The P10 is rear wheel drive.

## Interior

Space and practicality are key inside the P10, with comfortable and durable seating for 15 people with ample leg room. Tilting rear seats also allows for added comfort on a long trip. Entertainment comes in the form of a Radio/CD player with four speakers.

## Exterior

The P10 features clean lines and a bright face, with adjustable headlights and colour-coded bumpers. Passenger access is made easy with the large sliding door on the left-hand side of the vehicle, while the large tailgate makes loading luggage a breeze.

## Safety

You and your passengers will feel safe in the P10, thanks to an array of safety features such as ABS with EBD and the high-strength side door anti-collision bar. There is also an engine immobiliser working in conjunction with the intelligent anti-theft system.
